BENNOULLI SERVICES LTD.

WORLD CLASS & PRINTING CENTER OF EXCELLENCE

■ CAP PRESS HEAT TRANSFER MACHINE

This is the state of the ART HEAT TRANSFER on our youth, corporate and Gifts Caps. The magnificently designed curvature receptacle allows it to print on any cap you desire.

■ LAMINATING MACHINE

This is an industrial laminating machine. This machine can laminate all types of papers ranging from A4, A3, A2 and A1 sizes in a very smooth and adhesive print finish.

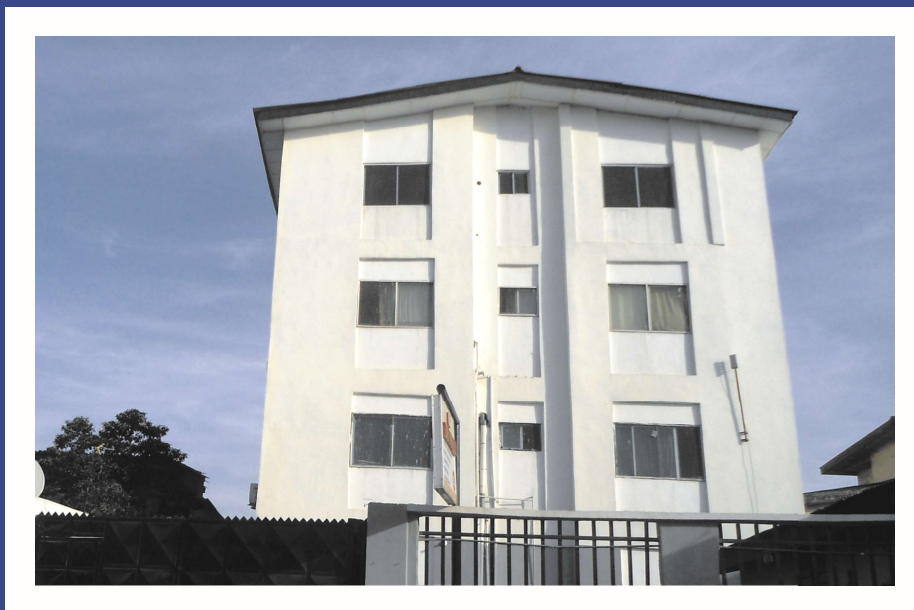

■ FLAT PRESS HEAT TRANSFER MACHINE

This machine transfers graphic prints from paper to the object in few seconds. It prints on flat surfaces for various materials that retain heat during transfer.

■ PLATE PRESS HEAT TRANSFER MACHINE

The PLATE PRESS works in simple regime as the flat press except that it does its transfer on plates with circular diaphragm.

**OFFSET PRINTING | HEAT TRANSFER | MONOGRAM,
SCREEN PRINT & CORPORATE GIFTS.**
